THE WEATHER WAS DEMOCRATIC

The Returns Show It Plainly.

Reaction of the "Off Year" Is in Evidence.

Tammany's Big Victory in Greater New York—Republicans Will Control the State Assembly. Massachusetts Re-Elects Governor Wolcott—Fusionists Carry Nebraska—Ohio Claimed by Both Parties—Iowa All Right, Republican Gains in South Dakota and Kansas.

NEW YORK, November 2.—Rain, which was general over the state, had the effect of keeping back a great many of the country votes all over the state. This result is apparent in the reduced majorities given in concededly Republican districts to William J. Wallase, the Republican nominee for chief justice of the court of appeals, as compared with the pluralities by which the same districts were carried last year. In many districts the pluralities of a year ago were reduced nearly one-half, and in the few that have been reported the fall-off is less than 25 per cent. Conceding to Judge Parker, Democrat, a majority of 100,000 in Greater New York, it is probable that he has won in the state. The returns for assemblies are entirely lacking in the Greater New York district, owing to the large number of candidates whose votes must be counted before the assembly nominees are reached, and the results here will probably not be known.

Outside of Greater New York, with thirteen districts to be heard from, dispatches to the Associated Press show the election of sixty-one Republicans and seventeen Democrats. This, it is believed, insures Republican control of the assembly whatever may be the result in Greater New York districts. At 11 o'clock Republican State Chairman Hackett declares that from dispatches received from assembly districts over the state the Republicans had a working majority in the assembly.

New York, November 2.—Tammany's victory in the first municipal election in Greater New York is a sweeping one. The only question remaining to be settled at 11 o'clock is the plurality by which the entire ticket, headed by Robert A. Van Wyck, has carried the gigantic municipality.

MASSACHUSETTS.

On the city ticket with Judge Van Wyck, Byrd S. Oles is elected comptroller and Randolph Guggenheim president of the municipal council. Charles S. Fairchild, who was secretary of the treasury during Cleveland's first presidential term, and whom the Citizens' Union put up for comptroller, died while on the way to the polls.

At the election today the Republicans swept the state by a substantial majority, electing their entire ticket as well as three-quarters of the members of both branches of the legislature. The spath which marked the entire campaign extended to the election, although the stormy weather which prevailed all day probably accounted for a considerable portion of the decrease in the vote. The tremendous majority which last year elected Governor Wolcott fell considerably while George Fred Williams, the Democratic leader, also suffered, but not nearly as much. Last year the Republicans, after a vigorous campaign on national issues, rolled up a vote of 268,000, but such was the lack of interest this year that the vote fell to 193,000, a plurality of 35,000 over Williams. The Democrats, pursuing a more vigorous course, received 79,000 votes, as compared with 103,000 last year.

There will be four less Republicans in the next house than in 1912. As the Republican majority will be about 138, the few defeats will make no difference. The senate will remain unchanged, 84 Republicans and 16 Democrats. There was one congressional contest, in the first district, made necessary by the death of Hon. Ashley B. Wright, and here the Republican candidate, George O. Lawrence, was successful.

The single chamber amendment to the city charter was defeated by a majority of 5735. Boston, Mass., November 2.—The second election in two years this city, ordinarily strongly Democratic, gave a substantial majority to Roger W. Went, the Republican candidate for governor at the state election today. There was, however, a decided falling off in the vote for both candidates and Mr. Went suffered more than Williams. With a lead of 17,000 over his opponent last year, Went this year had a trifling lead of 5,000 in a total vote of about 58,000. Wolcott's vote of 31,000 this year shows a decrease of 30 per cent from that given last year, while the Williams vote of 12,000 shows less than 20 per cent decrease.

John H. Sullivan, who last year was defeated for governor by Isaac B. Allen, a colored man, was elected by a substantial majority over Stanley Ruffan, another colored opponent. The attempt to consolidate the legislative departments of the city in a single chamber was voted down by a majority of about 5000.

Boston, November 2.—Corrected returns from 345 cities and towns in the state, including the complete vote of Boston, give Everett 14,045, Williams 79,123, Wolcott 140,130. The same cities 1912 gave 123,000, Wolcott 140,130, Williams 103,457, Wolcott 255,707.

Three State Candidates Elected by Fusionists. LINCOLN, Neb., November 2.—Nebraska today renewed her allegiance to fusion by electing the three candidates on that ticket by pluralities ranging

Bartholdi hotel was the scene of great joy as the returns began to indicate a sweeping Tammany victory. A score or more of people were in the room when the returns were being received and they cheered lustily. But it was a feast without the host. Mayor-elect Van Wyck did not appear at the headquarters at any time during the night. He left the headquarters at 4 p. m., going to his hotel. He stayed there until about 1 o'clock, presumably for the Murray Hill hotel.

It was expected that he would be at headquarters some time during the night, but at 10 o'clock the mayor-elect's secretary announced that he would not be at the headquarters and could not be seen.

Chairman Quigg of the Republican city and county committee was very glad and left the headquarters at 3:40. He refused to make a formal statement and was very loath to discuss the situation. At the headquarters there were very prominent Republicans present and they left the place shortly after Quigg did. No one would make a statement. The Republicans kept up their cheering until the early returns showed the gains for Van Wyck, and then collapsed entirely. It is impossible to describe the storm the Tammany forces made when the returns showed that the Republicans had more apparent than at the George headquarters.

At 9 o'clock there were only one or two Republicans about. General Tracy did not appear at the headquarters at all.

Lt. J. E. Quigg, of the city and county committee, went early on the stairs of the Fifth Avenue hotel, leading to the state headquarters, and at 9:30 and looked out from the door. Then he turned and walked out again.

"What do you think the outcome will be?" was asked of him.

"It seems to be all outgo," he replied with an effort to smile.

Outside of the hotel, Madison square and the streets branches of the party were cheering, many crowds watching election returns bulletined by a newspaper. It was a great contrast to the silent little gathering of Republicans in the parlors.

Whatever might have been the result but Henry George survived the campaign, showed that the substitution of the son for the father, at the head of the ticket, had proved a failure from any but the sentimental point of view.

In fact the George candidacy had made but a beggarly showing, gathering 5,000 votes in New York city counted up to 8 o'clock having been cast for the son of the author of "Progress and Poverty."

The George vote possibly suffered by the failure of the supervisors of the election to supply a large number of the precincts with pasters to attach to the voting papers.

The attraction of the newspaper bulletins for the crowds was not a whit less than it was last year at the presidential election. The streets in front of the bulletin were jammed with people. With very few exceptions every morning and evening paper to the city had bulletin boards in front of its main office, while some had them at branches.

Some had one and the other, while others had both. The bulletin boards were crowded with photographs and colored views and the pictures of the candidates. From the south side of Nassau street, the front of the city hall there were but two lanes in the enormous mass of people and these lanes were just wide enough for one man to get through.

There was pushing and shoving and much grumbling and some bad words, but in general the crowd was good natured and good tempered. The crowd ran more to noise than last year.

MASSACHUSETTS.

Roger Wolcott Re-Elected Governor of the State.

Boston, November 2.—At the election today the Republicans swept the state by a substantial majority, electing their entire ticket as well as three-quarters of the members of both branches of the legislature.

The spath which marked the entire campaign extended to the election, although the stormy weather which prevailed all day probably accounted for a considerable portion of the decrease in the vote. NEBRASKA.

Three State Candidates Elected by Fusionists. LINCOLN, Neb., November 2.—Nebraska today renewed her allegiance to fusion by electing the three candidates on that ticket by pluralities ranging

from 10,000 to 35,000. Nothing like complete returns have been received, or will be received tonight, but enough are in to measure the result and indicate a greater fusion victory than in the presidential election. From fusion headquarters the following was given out: "We have carried Nebraska for the future from 10,000 to 20,000 plurality. With the magnificent victory of the state ticket, we have carried a majority of the county tickets. The causes leading to the result is a determination on the part of the people of Nebraska to demand more and better money through the free and unlimited coinage of gold and silver."

"J. H. Easton, Chairman." Chairman Mercer of the Republican committee is sick at his home in Omaha. Secretary Sizor was unwilling to make any statement in the absence of more complete returns.

The State Journal, Republican, which has returns from 70 precincts outside of Lincoln and Omaha, concedes defeat for the Republican state ticket.

KANSAS.

Republicans Gain in Some Localities—Judgeship in Doubt. Topeka, Kan., November 2.—At midnight practically no figures are in to show the result of the elections. Both Republicans and fusionists are claiming to have elected a majority of the thirteen district judges voted for, but their claims are indefinite. In the Atchison district ex-Governor Glyke, fusionist, has been defeated for state senator by R. T. Andrews, Republican.

No figures are to be had as to the election of the other senators and the four members of the lower house elected to all vacancies.

Wichita county, in which is Kansas City, Kan., the Republicans elected their full ticket with the exception of O'Connor by pluralities ranging from 200 to 1000. Bryan carried the county by twenty-five votes. Topeka reports a substantial Republican majority in Shawnee county. From only about a score of the 105 counties have definite results been received as to the election of county officers.

The fusionists have carried Dickinson, Kingman, Saline, Crawford, Butler, Cowley, Barton, Sumner and Labette counties. The Republicans have won victories in Shawnee, Wyandotte, Jefferson, Douglas, Republica, Brown, Bourbon, Lyon, Atchison, Wichita and Anderson counties.

Wichita, Kan., November 2.—The Republican candidate for governor, by 7000 majority, has carried the state ticket. The city vote shows Republican gains.

KENTUCKY.

The Only State Office Captured by a Democrat. LOUISVILLE, Ky., November 2.—A conservative estimate at 11 o'clock places the majority of Charles H. Weaver, Democratic candidate for mayor, over George G. Todd, the present incumbent, at from 3000 to 3500. The entire Democratic ticket is undoubtedly elected.

Contrary to the expectations of many the election was a comparatively quiet one. There was not a great deal of scratching and the minor and petty issues were lost sight of when the voter came to decide on those involved in the struggle between the leaders. There is no doubt about the constitutional amendment carrying in Louisville.

A large number of counties of Kentucky being inaccessible to telephone or telegraph, returns are so delayed that it is difficult to give a positive result on the state office contested for, that of clerk of the court of appeals. However, enough is known to show that Mr. Bailey, the Republican nominee, has made a splendid race, but the latest indications are that Shakerford, the free river Democratic nominee, was elected by 6000. Mr. Hindman, the National Democrat, got a light vote and Mr. Parker, the Populist candidate, carried the strength of his party.

IOWA.

Republicans Carry the State—Democratic Gains. Des Moines, Ia., November 2.—The returns from about one-fourth of the 9000 precincts of the state show that the Republican plurality will be about 17,000. The returns are from all parts of the state, including both city and county precincts, and it is believed that the ratio established there will be substantially maintained.

The ratio of Democratic gains has been about 25 per cent for about 600 precincts. That will give the Democrats a net gain in the state of about 47,000.

The legislative ticket returns are slow in coming in. The best figure on the state ticket is the caucus 35 Republicans, 12 Democrats and two districts in doubt. Of the members of the house probably 45 out of 100 will be Republicans, giving them a safe working majority in both houses.

OHIO.

Republicans and Democrats Both Claim the Legislature. COLUMBUS, November 2.—The result in Ohio is so close that it may require the official count to determine the result, especially on the political complexion of the legislature. The Republicans and Democrats are both claiming the state and the legislature.

decision of the nation on the issue of the free coinage of silver at the ratio of 16 to 1. There is in this result, so far as I can see, no encouragement for the continuance of that agitation as a political issue.

"It is a full and unqualified endorsement of the national administration and a vote of confidence in Mr. McKinley." COLUMBUS, Ohio, November 3.—At 2:20 o'clock the Democrats are claiming victory in the legislative and a majority in both branches of that body. The Republicans at the same hour claim only seventeen of the thirty-six senators, which would prevent them from naming any party bill.

The Daily Chronicle also attributes Judge Van Wyck's election to the death of Henry George and to the fact that the Republican party, though nominally hostile to Tammany, "really depends for its existence on a secret working alliance with the exchequer who follow Ockler's lead."

The Daily News says: "The Republican machine has declined to imitate itself on the altar of good government. The only chance for Democracy coming out well from its trial in New York lay in the defeat of the party system, but party discipline and party loyalty are not easily broken."

PENNSYLVANIA.

PHILADELPHIA, November 2.—Returns at midnight from the state indicate that Dr. S. C. Swallow, Prohibition candidate for state treasurer, known in politics as "the fighting parson," has received more than 125,000 votes.

In the election of the state treasurer, the Republican candidate, Dr. S. C. Swallow, defeated the Prohibition candidate, Dr. S. C. Swallow, by a majority of 10,273.

VIRGINIA.

Small Vote Polled and Very Little Excitement. RICHMOND, Va., November 2.—The election story in Virginia is briefly told. Although there was unusual apathy, it is estimated that the Democratic state ticket is elected by about 65,000 or 60,000 majority, and that the Democrats have two-thirds of the house of delegates and four-fifths of the senate. Barring one little episode in Bonkeler, near Norfolk, where the Democrats won a majority of the vote, there was absolutely no excitement. Neither party pulled anything like a full vote.

MARYLAND.

Democrats May Possibly Control the Assembly. BALTIMORE, November 2.—Returns from the state are meager and unofficial in character. Up to 11:30 p. m. nothing but estimates have been received, but they indicate that the Democrats may possibly have a majority on joint ballot in the assembly, which will insure the re-election of Senator Gorman.

SOUTH DAKOTA.

Republicans Make Gains in Judicial Districts. SIOUX FALLS, S. D., November 2.—At midnight indications are that the Republican have won in South Dakota. Smith, Republican, is elected judge of the first district by a close vote. In the second district a Republican is probably elected by 400 majority, overcoming a Democratic majority of 1000 in 1912. Smith, Republican, is elected judge of the fourth district, is elected.

The election of Campbell, Republican, in the fifth district, is of course a surprise. Campbell, Republican, is elected judge of the sixth district. The result in the third district is in doubt. The Populists have probably carried one district, the eighth, and Wilson, Republican, is leading in the seventh.

COLORADO.

Silver Republicans Victorious in Denver. DENVER, Colo., November 2.—The election in this city passed off in the quietest manner imaginable with hardly an arrest and very little challenging. The vote was but little over half that cast last year. Returns received from the city up to 11 o'clock indicate the election of most if not all the candidates of the silver Republicans by pluralities ranging from a few hundreds up to two or three thousand.

Returns from the state are too meager to warrant anything more than a guess on the result. At Silver Republican headquarters the election of Hay is claimed by from 7000 to 10,000 plurality, while the Populists and Democrats claim Genhard's election by 5000.

DETROIT CITY.

Victory for the Head of the Democratic Ticket. DETROIT, November 2.—Today's municipal election resulted in a decisive victory for the head of the Democratic ticket, Mayberry. The official returns up to midnight with but one plurality over to Mayberry, 2100 plurality.

William H. Thompson, Democrat, elected treasurer over Grunow, Republican, by something like 4000. Robert W. W. Webb, Democrat, is elected a justice of the peace. The clerk, by something over 2000, and also elect Felix A. Lemke as justice and Hon. George O. Lawrence, was successful.

The single chamber amendment to the city charter was defeated by a majority of 5735. Boston, Mass., November 2.—The second election in two years this city, ordinarily strongly Democratic, gave a substantial majority to Roger W. Went, the Republican candidate for governor at the state election today. There was, however, a decided falling off in the vote for both candidates and Mr. Went suffered more than Williams. With a lead of 17,000 over his opponent last year, Went this year had a trifling lead of 5,000 in a total vote of about 58,000. Wolcott's vote of 31,000 this year shows a decrease of 30 per cent from that given last year, while the Williams vote of 12,000 shows less than 20 per cent decrease.

John H. Sullivan, who last year was defeated for governor by Isaac B. Allen, a colored man, was elected by a substantial majority over Stanley Ruffan, another colored opponent. The attempt to consolidate the legislative departments of the city in a single chamber was voted down by a majority of about 5000.

Boston, November 2.—Corrected returns from 345 cities and towns in the state, including the complete vote of Boston, give Everett 14,045, Williams 79,123, Wolcott 140,130. The same cities 1912 gave 123,000, Wolcott 140,130, Williams 103,457, Wolcott 255,707.

Democrats who Mr. George would have rallied to his standard, drifted back, to the confusion due to his death, to the Tammany camp, while the inability of the Republicans and the reformers to get their terms have practically given the game over to the skilled Tammany.

If Mr. Low had been elected an interesting experiment would have been tried, although even a stronger man than he might have found himself overmastered by his environment. We know what Tammany will make of its victory. The merchants and bankers, the wise and cultivated men, the honest and philanthropic citizens, will be as plant under Ockler's domination as the Italian or Hungarian patriots were under Metetrach's humiliating rule, and who say that "the people have to have it so?"

The Daily Chronicle also attributes Judge Van Wyck's election to the death of Henry George and to the fact that the Republican party, though nominally hostile to Tammany, "really depends for its existence on a secret working alliance with the exchequer who follow Ockler's lead."

TO PACIFY CUBA

Marshal Blanco Says Prospects Are Good. MADRID, November 2.—Marshal Blanco, the new captain-general of Cuba, has sent a cable message to the Spanish government saying he has formed a favorable opinion regarding the prospects for the pacification of Cuba.

A semi-official note was circulated today giving a more exact indication of the Spanish note in reply to the communication of the United States on the subject of Cuba than has hitherto been published.

The first part of the reply is a paraphrase of the latest note of the United States. It concludes with the assurance that Spain is animated by the same friendly feeling as is expressed on behalf of the United States. The second part of the reply goes into elaborate details concerning the various filibustering expeditions.

Spain, in concluding that portion of her reply to the United States, expresses the hope that this phase of the situation will be cleared up and that the United States will try to prevent further violations of the international law.

Replying to the offer of mediation made by the United States, Spain says "loyally and currently in helping Spain to pacify Cuba, especially in view of the fact that such an extended form of autonomous government is about to be sincerely granted."

The general feeling here is that there is hope of a peaceful outcome of the situation, especially since Marshal Blanco's arrival in Havana, as he believed his presence will greatly further the solving of the Cuban problem. At the same time it is pointed out that the submission of the insurgents cannot be expected "unless they are entirely abandoned by the United States."

Madrid, November 2.—Marshal Blanco has issued orders to the effect that all money found upon the persons of killed or captured insurgent officers is to be deposited in the fund for the relief of invalid Spanish soldiers.

Marshal Blanco tomorrow will receive the consuls of the foreign powers who will, upon this occasion, pay their first official visit to the new captain-general. A special dispatch received here from Madrid says that the recent magazine article of Hannis Taylor, the former minister of the United States at the Madrid on Cuban affairs, has produced an unpleasant feeling at the Spanish capital and it is added that the belief prevails there that the government will be compelled to intervene in the very strange that the Three Emperors should leave the United States engaged in trade and yet have a government official abroad as a guarantee of the legality of her voyage. It may be a trick of the foreign voyage, the right of passage, which is always liable to bring about diplomatic complications.

STAGE HOLDUP.

BARKEN CITY, Or., November 2.—The Sparks stage was held up by two masked men three miles from this city tonight. The highwaymen had a loaded wagon and the horses, causing them to run away and the coach escaped. The driver grabbed the mail sack and reached the city in safety.

DECIDED ON REFUNDING

Supervisors Will Call an Election.

To Proceed as Quickly as Possible.

New Bonds to Be Ready for the January Market—Other Business.

The Board of Supervisors yesterday decided in favor of the proposition to refund the county's bonded indebtedness in order to secure a big reduction in the rate of interest. A special election will be called in the near future to submit the question of refunding to the voters, and there is little doubt that it will carry. The bonded indebtedness of the county amounts to \$80,000 and interest is being paid annually at the rate of 7 and 8 per cent. The supervisors already have several offers to take the bonds, upon refunding, at 4 1/2 per cent.

Chairman Sayre brought the matter up yesterday, stating that he deemed it best to take some action at once. Supervisor Rose expressed himself as strongly in favor of refunding, for it would mean a lightening of the burden upon the taxpayers of the county. It was suggested by Mr. Manly that the new bonds should be issued to run for twenty years, but Mr. Rose was opposed to this, stating that in his opinion it would be best for the county to clear off its indebtedness as soon as possible.

The board was unanimously in favor of the proposition to refund. It was decided to call in the district attorney today and have him advise as to the course of procedure for holding the special election and inviting bids for the new bonds.

It is the purpose to hold the election and arrange everything connected with the refunding as quickly as possible so as to take advantage of the low rate of interest at the beginning of the year always furnishing the best market.

The board had a busy session yesterday. Reports from the various departments under the direct control of the board were received. The new board of horticultural commissioners made its first report, which was as follows:

"We, the members of the board of horticultural commissioners, beg leave to make our first monthly report as follows:

A meeting was held on the 20th day of September, 1897, at 10 o'clock, P. M., at the residence of James A. Rose, who was elected president and S. W. Marshall secretary.

The county was divided into three horticultural districts, as follows: District No. 1, comprises all that portion of the county lying west of the line commencing at a point on the San Joaquin river between sections 30 and 35 in township 11, range 20, running to the intersection of the Pacific railroad main line at the southwest corner of section 24, township 14, range 20.

District No. 2, comprises that portion lying east of the above described line.

District No. 3, comprises the Fourth supervisory district.

District No. 1 was assigned to S. W. Marshall; district No. 2 to J. A. Rose, and district No. 3 to E. Henderson.

We commenced inspecting orchards on the 1st of October and have since continued work in our several districts, and find the conditions about as follows:

In district No. 1 Mr. Marshall reports a very bad condition, the trees being infested with San Jose scale, codling moth, eastern European sawfly, woolly aphis and other pests.

Mr. Rose reports that in district No. 2 conditions are not so bad as they have been in former years.

Mr. Henderson reports from district No. 3 that the conditions are up to the present date 150 orchards, and have found that about six per cent of the number is more or less affected with the different insect pests. He has since noticed a few more cases of codling moth and other pests. Respectfully submitted,

"E. HENDERSON, "J. A. ROSE, "S. W. MARSHALL."

Coroner G. L. L. reported that during October he held eight inquests.

The following is a summary of the report from the county hospital: Number of patients on October 1st, 103; admitted during the month, 163; discharged, 90; total number of patients during the month of October, 214; number of patients died in charge, 120.

Mortality list—W. J. Thompson, age 33, nativity Illinois, cause, consumption; Dan L. Lewis, 47, Canada, coroner's case; Tom Ruby, 48, Ireland, coroner's case; Gabriel Olivas, 70, Mexico, coroner's case.

The report from the county orphanage shows that there were forty-nine inmates in the institution during the month of October.

Dr. J. Graubius, the county veterinary inspector, made a detailed report on the inspection of the slaughter houses and dairies in the county. They were all in good condition. Among other things the veterinary stated that on Phillips ranch, east of Kingsburg, there was a case of contagious pneumonic, which was contagious. The inspector separated the diseased animals from the others, and the pneumonic did not spread any further.

Chas. Hestie, who resides south of Fowler, had several horses afflicted with pink eye. His next neighbor had four horses die suddenly of spinal meningitis. A number of horses suffering from glanders were killed during the month.

The petition from Colonel Trevelyan of the Barton Estate Company, presented at the October session, asking for a reduction of the county license on the billiard was denied by the vote of Manly and Sayre.

On motion of Gurratt the bills for the construction of the Russell road were rejected, because they were considered too onerous to be given by the county. It was ordered that five horses at the county barn be sold at auction after three days.

On motion of Ward, seconded by Garrett, Dr. J. H. Wagner was appointed health officer of Selma and vicinity at a compensation of \$10 a month.

Lawrence, the court house janitor, was empowered to purchase four new suits of clothes, underwear, overalls, jumpers and shoes for the use of trustees that are assisting him. The trustees who are helping him to wear these suits while serving as such. When released they will be given only the clothing they had on when brought to jail.

Burglar West Captured.

Constable Irving of Sanger yesterday received word from Oakland that Bert West, who is wanted here for burglary, had been arrested there. The officer left last night for the coast to bring the prisoner back to Fresno. West is supposed to have belonged to the gang of burglars that operated here during the week. He and Waleky, two other members, were apprehended in Los Angeles. West was with them there at the time of the arrest, but escaped by jumping from a two-story window.

A FORTUNE LEFT HER.

Grace M. Elliott, a Former Fresno Girl, an Heiress.

Grace M. Elliott, the adopted daughter of W. K. Elliott and wife, who resided in Fresno several years ago, has fallen heir to a large fortune.

Marshall Woy's wife received a letter from Mrs. Elliott this week in which it is stated that a large estate located in New Jersey and New York awaits the claimant. The papers are all made out, proofs of the young lady's identity having been in the possession of Mrs. Elliott for twenty years, and now, at the proper time, her claims will be made to the property.

Mrs. Elliott says that it is proposed to give Fresno a new Methodist church and pay the debts of the San Francisco Bible house out of a portion of the money.

Billy Elliott is well known in Fresno, having engaged in the liquor business on I street, and also at one time was bartender at the Grand Central bar. At present he is living in San Francisco with his family.

CONDEMNATION SUIT.

That of the Valley Road Against W. S. Kendall.

The condemnation suit of the Valley road against W. S. Kendall for a right of way diagonally through an 80-acre tract east of Fowler was tried before Judge Foster yesterday. Messrs. E. F. Preston of San Francisco and H. B. Welsh represented the railroad company and F. H. Short and F. E. Cook the defendant.

It was stipulated that the defendant should have \$130.50 for the land actually taken up by the right of way and that the company should give a bond of \$300 that it would construct the usual fence.

The jury awarded Mr. Kendall \$250 as the value of the land of the defendant of the tract because of the passing of the railroad through it.

THE RATTO GIRLS

Fight for the Possession of Them.

The Father Wants to Take Them Away From Martin Aguirre's Charge.

U. M. Ratto arrived in Fresno yesterday morning from San Francisco. He came for the purpose of gaining possession of his two children, Diana and Amelia, who are aged 10 and 12 years respectively. Their mother, from whom Ratto was divorced, died a week ago last Sunday. The REPUBLICAN published an account of her death and the sad story of her life.

When Mrs. Ratto died, Martin Aguirre, the Ventura street grocer, and his wife took charge of the orphan children, the elder of which is not bright.

Mr. and Mrs. Aguirre are Catholics and good motherly people, and the girls, and it was in accordance with the pledge they had taken and the earnest request of Mrs. Ratto before her death that they took upon themselves to look after the children's welfare.

Mr. Ratto yesterday employed Raleigh E. Rhodes and W. D. Grady to assist him in obtaining possession of the girls.

During the day a department officer, Mr. Aguirre to produce the children in court, and show his right to keep them in charge. The writ was made returnable at 5 o'clock last evening, at which hour the parties appeared.

Mr. Aguirre being represented by Judge M. K. Harris, Mr. Aguirre was sworn and testified that he did not have possession of the children, and that he was in accordance with the pledge they had taken and the earnest request of Mrs. Ratto before her death that they took upon themselves to look after the children's welfare.
